PRICE LIST

HENRY KOHANKIE & SON

Spring 1922

We offer herein a complete list of hardy ornamental nursery stock. Our nursery of three hundred acres affords material to meet practically every need in landscape development. All stock is well grown and supplied with a fibrous root system which is of vital importance in the success of a planting.

Please Read Carefully!

CONDITIONS OF SALE.

Stock will be supplied at prices named herein as follows: Five of any one variety at ten rate; twenty-five of any one variety at hundred rate. Prices do not include packing. A charge for the actual cost of the boxes and material used in baling is made.

We give no warranty, expressed or implied, as to quality, description, productiveness, or any other matter of any nursery stock that we sell.

We do not guarantee our stock to live and no allowance will be made for goods that fail to live after being planted. Our methods of handling and packing stock are up to date and goods will be in good condition and well packed when they leave our grounds. Our responsibility ends upon delivery to carriers. If goods suffer through delay in transit, claim should at once be made on **transportation company**.

All claims for errors must be made within six days after receipt of goods, or positively will not be considered.

Unknown correspondents who wish to open an account will please give us names of three parties with whom they have credit relations and allow us sufficient time to investigate same. Otherwise, cash must accompany order. If goods are desired C. O. D., the order must be accompanied by one third of the amount to guarantee acceptance.

Shipping facilities—We can make direct shipment over the N. Y. C. R. R.; B. & O. R. R.; N. Y. C. & St. L. R. R.; American Railway Express and Electric Package.

Auto Truck Delivery—We are in a position to make deliveries by auto truck to points within seventy-five miles of Painesville. Charges are made according to the size of truck required and the distance. The advantages of truck delivery are many; the cost of boxing, freight and cartage is eliminated; the stock is delivered in a much better condition than as if packed in cases; and above all, the goods are landed on the grounds within a short time after being dug. It is the most satisfactory and economical method of transportation providing the order is of sufficient size.

Evergreen Trees

In this department our stock is thrifty and fiberously rooted, having been several times transplanted. Failure to frequently transplant results in a coarse root system; an evergreen so grown, regardless of how symmetrical and attractive the top may be, is almost certain to give poor results when planted by the purchaser. Our prices include lifting the plants with a ball of earth and sewing in burlap as an extra precaution that the plants may arrive in the best of condition.
